Dear Mr. Haskin,

This letter is in response to your request for authentication of your appearance on our television station on November 12, 2019 with your story appearing later that night on our 10:00 news spot.

Thank you for taking the time to interview with us about your March of Dimes Night Walk at Callaway Gardens and the partnership of Future Business Leaders of America and March of Dimes. I really enjoyed watching your interview and the video shots you provided were able to be used in the piece. Please tell your video students, Jonathan Strickland and Karsyn Bush, that we loved their shots and if they ever want to come for an internship at the station, we would love to have them!

We hope that you will continue to patron WALB-TV 10 for all of your news and updates.

Thank you,

A handwritten signature in blue ink, appearing to read "Mike Leach".
